LEGISLATIVE SESSION ENDED SATURDAY: 58 BILLS BECOME LAWS

Montgomery, Ala., Feb. 10.—Adjourning Saturday afternoon, members of the 1923 general assembly of the Alabama legislature completed the sixteenth and concluding legislative day of the winter session and departed for their respective homes throughout the state after a term of five weeks when 325 bills were introduced, and approximately 50 bills and measures were enacted. Reconvening of the state body for the summer term will take place at noon, July 10, with 34 additional legislative days scheduled to be held during the remainder of July, August and several weeks of September.

Although both houses of the legislature adjourned simultaneously at 1:30 o'clock, an hour and a half after the time set by the rules committee's resolution, unexpected delay was encountered, due to slight revision in the sheriff's bill, reimbursing sheriffs of Alabama for expenses encountered in feeding prisoners, and the clocks in the senate and house chambers were set back several times before the task was finally completed.

At the time adjournment, 40 bills and a number of resolutions adopted during the preceding sessions of the two houses had been signed, with 18 prospective acts still awaiting Governor Brandon's signature of enactment. These were signed during the afternoon. A majority of this number were expected to be signed immediately or within the next few days.

Although a decided majority of the bills introduced during the present session were of minor importance, at least six measures were of vital interest to the state, and four of the number were passed by the senate and house.

Probably the foremost of these was the Ashcraft gasoline excise tax bill which experienced such rough sailing in the course of its passage. Introduced by the Lauderdale County representative, as a purely class tax for the express purpose of improving the state's highways, this measure was suddenly adopted by the administration as a means of replenishing the state's treasury, and its final passage was not accomplished until it had been rewritten, revamped, resubmitted and bitterly debated upon.

Next in importance was the Bonner blue Sunday legislation which was rejected in the senate by a narrow margin. The bill to make the offices of county superintendents of education elective, was another measure of state wide import which also created a hurricane on the legislative seas of Alabama.

The bill was passed by the lower house but at the time of the recess, was still under consideration by the senate committee.

Some important business matters were attended to during the business session. The club passed resolutions stating their interest in establishing a Radiophone in the City school Auditorium, and their willingness to lend any assistance possible to this project.

A splendid program, consisting of piano numbers and readings given by some of the club's most talented members followed the business hour.

CONVICT FACES MURDER CHARGE.

Montgomery, Ala., Feb. 14.—Rennie Cantelou, a negro sent to Kilby Prison on the charge of participating in a burglary at Greenville, found himself transferred to the Montgomery county jail, where

he is being held under a more serious charge, that of the murder of Mrs. Susan Mastin, an aged white woman of Montgomery county, who was killed a year ago.

The 50-year-old watch, believed to be a clue to the murder mystery, was received yesterday by Sheriff Robert C.

Phelps of Montgomery county, from Evergreen, where it was found on the person of Cantelou. The watch has been identified, it is said, as one sold half a century ago by the local jewelry firm of C. L. Roth & Son to a relative of Mrs. Mastin, the murdered woman.

JUDGE CARNLEY ISSUES STATEMENT ABOUT PROPOSED BOND QUESTION

ONLY ENOUGH BONDS WILL BE ISSUED TO TAKE UP COUNTY'S INDEBTEDNESS; SAYS IF PEOPLE WILL VOTE FOR MEASURE COUNTY CAN GET ON CASH BASIS THEREBY SAVING MUCH MONEY.

Elba, Ala., Feb. 19, 1923. By this method the taxpayers are paying 100 per cent interest on every dollar invested on public roads, bridges, buildings or other necessary expenses of the County. We can save 100 per cent in the dollar by operating on a cash basis, and 6 per cent interest bonds will release 94 per cent of the County taxes for present operation, and this system will enable the County Commissioners to operate and at the same time save more bonds will be issued than the amount necessary to pay off the valid warrants outstanding, registered and unregistered, and in no event more than \$90,000. In addition to the warrant indebtedness of the County there are past due since March 1, 1919, \$10,000 of bonded debt, being known as 2-1/2% Bonds, floated during Judge Rushing's administration to build the iron bridges on Pea River. Since the due date of these bonds, the County has been paying 3 to 8 1/2 per cent interest on these bonds for extension of time of payment. These bonds are held by Mr. J. C. Henderson, of Troy. Interest thereon has been paid by the County's credit and make its warrants worth 100 cents in the dollar.

The Commissioners Court has made a contract with Marx & Company, of Birmingham, to sell these bonds at 1 1/2 per cent above par, or in other words we sell \$100 worth of bonds of the County for \$101.50, or not exceeding \$100,000 bonds for both the warrant and bonded indebtedness for \$101,500, net to County, and Marx & Company is to pay all attorney's fees, expenses of issuing the bonds, expenses of the ballots and should the voters fail to vote for issuance of the bonds, Marx & Company charge nothing at all. This is a safe proposition. No bonds can be issued to fund the warrant indebtedness of the County if the voters fail to vote a majority in favor of the proposition. It is a democratic measure pure and simple, and the proposition is plain and simple.

No bonds will be issued by the County to increase the County debt; only to pay off the present debt by bonds bearing interest at the rate of 6 per cent annum, payable semi-annually. No bonds will be issued to spend, but simply and only to retire the outstanding warrants and past due bonded debt.

We expect to give information soon as to the exact amount of outstanding unpaid warrants. Many of these warrants are not registered, and it is with some difficulty that the exact amount is ascertainable. Commissioners Court is trying to gather all this information for the enlightenment of the people of the County, and will soon be ready to make a report. No more bonds will be sold than enough to pay off the outstanding warrants, and past due bonds.

For some years the County has been operating on a credit basis, issuing warrants for work or materials for nearly twice the value of the benefits received, and this system continues to increase the County's debt, and we are getting deeper and deeper in debt by operating with this iniquitous warrant credit system. This system has furnished the foundation for graft, speculation on the County Warrants. Warrants have sold for 50 cents in the dollar. Two dollars worth of warrants have been issued for \$1.00 worth of benefit, but it takes \$2.00 taxes to pay for what we get. It is clear that

the County is in a bad way, and the people of the County are being misled by the County Commissioners.

Respectfully,
J. A. CARNLEY,
Probate Judge.

COLORED SCHOOLS HAVE 'GOOD FAIR'

The annual Agricultural and Industrial Fair of the colored schools of the County, which was held at Elba on last Thursday and Friday has been pronounced as one of the most successful ever held.

The exhibits which were shown during Thursday at the court house are said to have been unusually fine. Along agricultural lines the exhibits were exceedingly fine, and demonstrates the fact that the colored people of the county are devoting much time and study to agriculture.

Much favorable comment is also heard on the industrial exhibits made by different exhibitors. The hundreds of pieces of fancy hand-worked articles are another indication that the colored folks are making good use of their opportunities.

An account of a session of court which had to be held in the court house the exhibits, or at least the most of them, were moved to the colored school building in the northern part of town on Friday. During the two days appropriate programs were rendered, and those in charge of the Fair feel highly elated over the general success of the two day's session.

ENTERTAINS SUNSHINE CLUB.

The Sunshine Club was very beautifully entertained at the home of Mrs. Harris Murphree Wednesday afternoon. Beautiful American Beauty Roses in lovely cut glass vases decorated the apartments very attractive.

The afternoon was spent in the dollar. Two dollars worth of warrants have been issued for \$1.00 worth of benefit, but it takes \$2.00 taxes to pay for what we get. It is clear that

BAPTIST CHURCH

Preaching 11:00 a. m. and 7:00 p. m. by Chas. H. Gernon, Pastor.
Sunday School 9:45 a. m. Grover C. Bowden, Supt.

The pastor was called away last Sunday to conduct the funeral of Mrs. W. E. Fike, one of our most consecrated members. Mrs. Fike died at St. Margaret's hospital in Montgomery, February 17th. She was buried at Marbury, Alabama.

The church and city suffers a great loss in the death of this consecrated and beloved wife, mother and Christian. She was a member of the T. E. L. Sunday School Class, of the Elba Baptist Church, and the church is greatly bereaved on account of her death, but bows in humble submission to the will of the Father above who doeth all things well.

The pastor will preach on important subjects at both services next Sunday. All members of the church are urged to be present.

It is very likely the male quartet of the church will furnish music next Sunday at both services. Those who attend will enjoy this feature of the service.

The Sallie Boyd Circle will entertain the ladies of the church when they meet for their regular business meeting next Monday afternoon at 3:00 o'clock. A splendid program is being planned. All the ladies of the church are urged to be present.

A cordial invitation is extended to all to attend all services of the church.

CHURCH OF CHRIST.

We wish to announce to the public that services will be held at our new church building next Sunday. A very cordial invitation is extended to each and everyone to come and with us at these services at 11:00 A. M. and 7:00 P. M.

We are particularly anxious to have you with us at this, our first service in the new building. We have been delayed somewhat in getting into it but hope to have a house filled to overflowing next Sunday.

Subject for next Sunday morning service will be "Doing Good". Subject for Sunday night service will be "That Which Abides".

We especially want all good singers present. Congregation singing in which we want everyone to take part and especially the children. Come and be with us.

We hope to have Bro. Fred M. Little who is well known here for these services and the members together with the minister wish to extend a very urgent invitation to every one.

These interesting talks and papers were interspersed with prayer and songs, with Miss Mary Amos at the piano. These meetings occur twice every month, and if there is a more profitable and pleasant way to spend an hour, it has never been discovered. We never been discovered. We learn to be not citizens of our community only, but citizens of the world.

The second quarterly conference which was to have been held on March 4, has been postponed to March 12 on account of the fact that the church will be the largest gathering of church workers of the Methodist Church in the history of the Troy District. Dinner will be served on the ground. If you are among those designated, do not let anything less than impossibility keep you away.

It is a great thing for any town to have an Evangelistic Club, and they are doing the right thing in having a banquet tonight. If you belong to that club, you ought to be there tonight. There is something in looking into the eyes of a man over a turkey or a cup of tea. As long as that Adamic nature, calling for something to eat is in a man, just that long will men assemble at the table.

Before it was invented, people ate almost as wild animals. Did you ever realize that the only miracle mentioned by all four of the Gospels is the miracles of the loaves and fishes?

The Intermediate Epworth League which was organized by Miss Ella Law two weeks ago will have a report of officers and operations next issue.

DR. W. C. BRASWELL FIRST SERVICES TO BE HELD SUNDAY IN NEW CHRISTIAN CHURCH

The finishing touches are this week being added to the new Christian Church building, which is located just off the South-east corner of Court Square, and the new building will be used for the first time on next Sunday morning.

An announcement about the services will be found in our regular Church column. The new building is one of the prettiest structures erected at Elba in many years and now that services will be held there it is expected that the Christian congregation will be greatly strengthened.

Rev. W. T. Grider, minister, and those of his congregation who have aided untiringly on the new building are to be congratulated on their splendid achievement.

MASH—TUCKER.

A marriage which will be of interest to their many friends was that of Mr. Forest Mash and Miss Mollie De Tucker, which occurred on Sunday afternoon at the Methodist Parsonage. Rev. F. M. Lowrey spoke the solemn words which joined the young people in wedlock.

The bride is a daughter of Mr. and Mrs. E. S. Tucker, well known Coffee county citizens, and is a very lovable young woman. The groom is a son of Mr. and Mrs. John Mash, of Elba, but for several months has made his home at First Top, Ala., and is a splendid young man.

Both young people have many friends here who join The Clipper in extending best wishes for a happy married life.

DEATH OF MRS. W. E. FIKE.
Friends at Elba deeply regret the death of Mrs. W. E. Fike, which sad event occurred at St. Margaret's hospital in Montgomery on last Saturday. Mrs. Fike was carried to the hospital several days ago for an operation for appendicitis. During the last few days of her illness her condition became serious and members of the family were called to her bedside.

The remains were carried to Marbury, Ala., for burial. Mrs. Fike is survived by her husband, W. E. Fike, her parents, Mr. and Mrs. Norris and several small children. Her parents, Mr. and Mrs. Norris and several sisters also survive.

TWO KILLED WHEN TRAIN HITS AUTO

Sherfield, Ala., Feb. 15.—Miss Pauline Hargett was killed and James Strickland fatally injured when the automobile in which they were returning from Sherfield to Cherokee, where they resided, was struck by passenger train No. 26, at the Cherokee crossing last night about 11 o'clock.

The car was carried down the track about half a mile before the train stopped and the bodies were picked up from the wreckage by the train crew and placed on the train and brought to Sherfield. Mr. Strickland died at the depot here.

Miss Hargett's ribs were broken, her hip dislocated and both of her ankles broken. A broken rib pierced a blood vessel, causing the death of Mr. Strickland. His right leg was broken.

Miss Hargett was 22 years old, the daughter of Dick Hargett, of Cherokee, and is survived by her father and five sisters. Her remains will be taken to Russellville this afternoon for interment.

Mr. Strickland was 27 years old, an automobile mechanic and had resided at Cherokee about ten years. He is survived by two sisters and two brothers. His remains will be taken to Cherokee this afternoon.

WILL E. LEWIS COMMITTS SUICIDE.

Geneva Reaper says: W. E. Lewis, of the Sweet Gum Hotel, a few miles south of Geneva, committed suicide at an early hour Tuesday morning in the Holmes county jail at Bonifay, where he was confined on a murder charge.

Lewis had been in jail for the past two months charged with the murder of his son-in-law, J. R. Pritchett, about Christmas.

Monday the grand jury billed him for first degree murder. In some manner, unknown to those in authority, it is said Lewis came in possession of a knife or a razor and at about daybreak Tuesday cut his throat, dying at about 9 o'clock.

On the 23rd of December Lewis was called to the home of his son-in-law by his daughter, Mrs. J. R. Pritchett, who claimed that her husband had been whipping her. It is stated, Lewis aimed himself and proceeded to his son-in-law's home and upon his arrival there shot him (Pritchett), who died shortly afterwards.

Lewis is survived by a large family.

NON. L. A. BOYD CHOS- EN TO HEAD CONVICT BOARD BY BRANDON

Montgomery, Ala., Feb. 14.—Predictions, rumors and reports as to whom Governor W. W. Brandon would select to direct two of the most important departments of the state government, were finally set at rest late Tuesday, when the chief executive announced the appointment of the personnel of the state board of convict supervisors and state tax commission respectively.

L. A. Boyd, of Enterprise, was appointed chairman, and Senator Roy Nolen, of Anderson City, was appointed associate member of the state board of convict supervisors. Mr. Boyd, who was formerly a member of the Henderson Lumber Company, is one of the most successful lumbermen in the state, and has made a reputation as an exceptional business man. Senator Roy Nolen, who will resign his seat in the upper house of the legislature to accept the appointment as associate member of the board, is widely known as a successful banker, merchant and farmer.

Members of the state tax commission appointed by Governor Brandon follow: Judge L. L. Herzberg, Gadsden, chairman; F. C. Marquis, Dora; C. Brooks Smith, Montgomery; T. F. Pitts, Union Springs; and Bob T. Roberts, Clayton. Judge Herzberg served for 12 years as probate judge of Etowah county and is known throughout the state as a public official of the highest ability. Mr. Marquis served the state as a member of the tax commission for 4 years, during the administration of former Governor Charles Henderson, and is one of Walker county's best business men. C. Brooks Smith, was formerly state auditor, chief clerk in the treasury department, and commissioner of insurance. T. F. Pitts, served as tax collector of Bullock county for 2 terms, and is one of the most successful business men of that section of the state. Bob T. Roberts, was for 12 years probate judge of Barbour county, and also served that county as tax collector for six years.

It is readily seen that each of the appointees named is especially qualified for the duties which he will perform for the state during the next four years. Their appointment by Governor Brandon is expected to meet with the approval of Alabamians as a whole.

Minor officials in these two departments, it is understood, will be recommended by the directing heads. To Governor Brandon for appointment, within the next few days.

All of the appointees named will assume their new duties just as soon as their predecessors can wind up their affairs at the statehouse and officially turn over to them the transaction of the business of the respective departments.

CHEROKEE FARMER IS SLAIN BY YOUNG SON

Center, Ala., Feb. 16.—Thornton Nolen, 14 year old boy, shot and killed his father, Bert Nolen, 50, Friday afternoon about five o'clock at the home of the Nolen family, twelve miles south of Center on the Center-Jacksonville road, according to local officers.

The boy states that he grabbed hold of his father to prevent him from cutting his hair, the elder Nolen struck at the boy with the knife several times. Young Nolen's coat was slashed in several places. It was stated.

The coroner has rendered no verdict on the killing.

POSTMASTER ENDS LIFE AT

Macon, Ga., Feb. 16.—Inspectors at work on the account of the Macon postoffice thus far have found only one possible motive for the suicide today of Hilyer Radisill, 48, postmaster, this being contained in four notes that have been found indicating that he was in ill health and tired of living.

The postoffice inspectors began checking the office early today, shortly before Mr. Radisill shot himself through the right temple. He had been attached to the local postoffice for 31 years.

One of the notes was addressed to Postoffice Inspector R. H. Tomlinson, of Atlanta, a long personal friend; another to a brother, the third to the assistant postmaster, and the fourth to his negro cook, "Aunt Nancy," the last one being delivered by a postoffice maid at noon.

A coroner's jury investigating the case found that three of the letters were written Wednesday, one stating in part: "I have passed the crest of usefulness. I am about half blind and my health is failing. I feel worn out and tired of life."

The note to the negro cook asked that the jewelry and personal effects be turned over to his son, who is a medical student in Philadelphia.

TAX ON GASOLINE NOT TO BE LEVIED UNTIL FIRST OF NEXT MONTH.

Contrary to some expressed opinion the gasoline excise of two cents per gallon will not be levied until March first. In preparation for the collection of the new tax the state tax commission is having blanks for returns printed.

It was declared at the office of the commission Tuesday morning that the new tax would not appreciably increase the employe personnel of the department although it may prove necessary in many instances to collect the tax from the retailers when the distributor or wholesaler out of the state declines to assume the burden.

The commission will be completed today when the last two members qualify and the governor signs their commissions. Immediately a meeting of the full board will be held and the names of the personnel for the department will be announced.

SHERIFF AND DEPUTY MAKE BIG HAUL IN STOLEN SHOES.

Troy Messenger says: Saturday night Chief Deputy Albert Parks decided that he would like to have a look-in at the home of Felix Watts, colored who was arrested Saturday afternoon by Coast Line detectives, charged with stealing shoes from a box car on that road.

Mr. Parks went to the home of Felix in Troy and after searching around the place a good deal, decided that a certain spot near the corner of the house looked suspicious, and he, together with Sheriff Carroll, pulled off their coats and went to digging.

They were rewarded by finding a box deep down in the ground, containing 26 pairs of ladies' fine shoes and slippers. The officers brought the shoes to the office of Sheriff Carroll, and there seems to be enough shoes to put on a sale.

The railroad detectives had already found some of the shoes, and those together with the find of Deputy Parks and Sheriff Carroll made a total of 32 pairs of shoes that Watts had stolen from the car.

The shoes were consigned to a merchant in Florida, and were shipped by a big shoe house in St. Louis.

122 YEAR OLD NEGRO GETS LICENSE TO WED.

The time old saying that cupid is no respecter of persons or of age was proved to the entire satisfaction of attaches of the probate office when an aged negro giving his name as Parson Renfro, stepped to the

Clerks desk Monday, and asked for a marriage license.

Renfro gave his age as 122 years, and his bride to be Martha Griffin has passed her 57 summers.

Renfro appeared to be one of the school of southern negroes, but doubts exist in the minds of the force whether the

negro is so old or not.—Birmingham Age-Herald.
